

CALCUTTA GOLF SOCIETY PRESENTS A CHARITY GOLF DAY IN AID OF FUTURE HOPE

Calcutta Golf Society is trying to raise £20,000 needed by Future Hope to fund a new building project to help more children gain access to extra support.

The project, to build new specialist classrooms, is now a priority as the New Education Policy of India makes it mandatory to have certain teaching spaces on the ground or first floors, with effect from the new academic year in April 2024.

Future Hope School has identified a suitable place in which to create a Lower Kindergarten and a Nursery (to take children from 4 years old), a remedial Resource Room (to extend support to the Middle School as well as Primary), and a Fast Track Room (for the growing numbers of children joining school late or falling behind in class). The school must carry out this work in order to be compliant with government regulation.

The overall cost of the project is Rs 1,991,300 or approximately £20,000 which Calcutta Golf Society is hoping to raise at its 2023 Charity Day.
